Massachusetts Avenue (MBTA Bus Barn to Richardson Avenue): Paving Notice

Dear Resident/Business Owner:

This is an important update informing you that National Grid's paving contractor, Dan Amorello Paving Inc. will be performing road work on Massachusetts Avenue between the MBTA Bus Barn and Richardson Avenue in Arlington, MA. Road work will begin on or about September 16, 2013 and is anticipated to take two (2) weeks to complete.

The first phase of the roadwork includes milling which will take place along this section of Massachusetts Avenue and will last approximately two to three days. Hours of construction are 9:00 a.m. to 3:00 p.m. Preparation work may be required at various locations along the route outside this time schedule. The second phase of the roadwork includes paving which will be performed at night. National Grid will provide additional notification about the paving as it becomes available. Paving is expected to be performed in one (1) or two (2) nights. Night paving will allow for increased safety for the contractors and Police details by shifting the work away from typical heavy commuting hours.

Traffic may be re-directed by Police officers to alternate lanes as necessary to coordinate with the progress of the paving operations. Please adhere to traffic signs and directions..

It is important for you to notify your customers, visitors, and deliveries about the "No Parking Zones" which will be in effect throughout this construction area. Police detail officers will be available to provide assistance with traffic management as necessary and will enforce parking restrictions.

All scheduling details are weather permitting and may be altered due to encountered site conditions. If you have any questions about the project, please contact Sue Scarcella, National Grid's Community & Customer Manager at (781) 907-1611 or the Arlington Engineering Division at (781) 316-3320.
